National Design Specification NDS for Wood

ANSI/AWC NDS-2015 National Design Specification (NDS) for Wood Construction was approved as an ANSI American National Standard on September 30, 2014. The 2015 NDS was developed by the American Wood Council's (AWC) Wood Design Standards Committee and has been approved by ANSI as an American National Standard.

2015 National Design Specification for Wood Construction

In order to maintain the safety and welfare of the population in the United States, the structural design requirements as defined in the building codes are consistently updated. Traditionally this occurs in 3 year cycles. In 2015 the American Wood Council updated the National Design Specification for Wood Construction (NDS).
